In Celebration of our 150 Anniversary

Heading Home was established in 2006 and has released three CDs. Their music includes traditional gospel music, hymns as well as some of the more contemporary music.

They focus on songs that offer doctrinally strong messages and powerful music.

Their music

Their first CD "Sufficient Grace" was nominated for Canada's covenant award by Gospel Music Association Canada (CGMA) "Southern Gospel Album of the Year" and "It was Born in the Valley" for Southern Gospel Song of the Year.

Their most recent CD "Let the Truth be Told" is a powerful CD with a great message.
